

It Happened At Nightmare Inn
1970, 2007 Cheezy Flicks Ent,

It Happened At Nightmare Inn was inspired by Alfred Hitchcock's Psycho and is brought to you by Cheezy Flicks Entertainment and MVD. It was originally made in 1970, rated a minor PG13 and is 120 minutes long.

It Happened At Nightmare Inn is a sinister film about two religious sisters who run a Spanish Roadhouse. When a young foreign tourist stays with them the sisters deem her actions as unholy and she pays for it with her life.

Was it really God's will for these sisters to enact his punishment on this confused young woman or are the sisters just sick and twisted harbingers of death?

Watch and find out!
