*I Am Legend*, is a Horror / Sci-Fi novel that was written by Richard Matheson. The novel has been made into three times into films, *The Last Man on Earth*, *The Omega Man* and *I Am Legend*. *I Am Virgin* is a comedy / erotica hybrid that is loosely based on the most recent film adaptation titled *I Am Legend*.

The plot for *I Am Virgin* revolves around a young man named Robby, who is the last virgin on Earth after a virus turned everyone else into sex crazed vampires. Not wanting to give up his virginity to just any one, Robby searches for the woman who is pure enough to take his virginity.

There really is not much to the plot with the bulk of it being padded with soft-core sex romps that often drag on a few minutes to long. Besides these soft-core sex romps, the rest of the film is primarily made up of scenes of Robby and his basset hound wandering around looking for miss right.

Outside of the film's main character Robby. The remaining characters are given very little to do and while none of their performances leave a lasting impression, they are adequate enough for the story at hand. This film's strongest asset is its lead actor Adam Elliot Davis who gives a believable performance in the role of Robby. Another performance to look out for, is adult film star Micah Moore, who appears as one of the many sex crazed vampires. Ultimately *I Am Virgin* quickly becomes a one trick pony that wears out its welcome by the time it gets to its conclusion.

**The DVD:**

*I Am Virgin* is presented in an anamorphic widescreen that preserves the film's original aspect ratio. This is a strong looking progressive flagged transfer that look clean and detailed throughout.

This release comes with one audio option a Dolby Digital stereo mix in English. The audio is clear and balanced throughout.

Extras include a behind the scenes segment (7 minutes 59 seconds) and a audio commentary with director / screenwriter Sean Skelding and actor Adam Davis. The behind the scenes segment is a collection of behind the scenes clips and stills, which features narration about the film. The audio commentary is a detailed track that covers casting, locations and other production related stories. Rounding out the extras are trailers for other

films also available from IMDFilms. Overall *I Am Virgin* gets a well rounded DVD release, that is highlighted by a informative audio commentary track.
