DVD Review: *I Am Virgin*

How would you expect one man to feel if suddenly he finds himself surrounded by 6.8 billion sex-crazed women and they all want him? In this DVD, *I Am Virgin* the guy who is a virgin and wants to save his virginity until he finds the right one to be with to spend his life with finds himself in this position.

The major problem is that the world has been infected by a virus transforming everyone into horny sex-crazed vampires forcing Robby, played by Adam Davis to fight them off of him. With the help of his trusty Basset Hound dog, Billy, he looks for true love in a city filled with vampire vixens who want nothing more than the thrill to satisfy their craving. They use whatever they can to get what they want. They don't want to take no for an answer. They are ravished by lust and they can't help themselves.

Even reporters trying to report on what is going on aren't safe. They are grabbed by naked men as they try reporting in front of the cameras. The virus has been spread worldwide making people crazy.

I Am Virgin is a spoof of *I Am Legend*, the 2008 science fiction show that starred Will Smith. It was all done in Portland Oregon including the entire project being written, financed and produced there. All the actors in the film are locals from the Pacific Northwest with the exception of one, Ron Jeremy.

“We got Ron Jeremy to come up and do a scene for the movie,” said director Sean Skelding. “He plays an aging vampire complete with fangs. Ron doesn't have sex in the movie but he says some really funny stuff. Adult film fans will get a kick out of his character.”

Hot Topics, In-Depth:

While BloggerNews.net is known to provide up to the minute information on a wide variety of topics, at times a more in-depth analysis of a topic that is being written about by our writers is warranted. This section of BNN provides just that – an area of the site that looks deeper into a topic, delves into the actual facts behind it, and provides more than just a summary overview of what is happening right here and now.

From something as mundane as an overview of how credit scores work, to life and death topics such as mesothelioma, we are committed to creating a growing library of information for our readers. Click below to review the topics covered so far, and check back soon as new ones are to be added regularly!
