

movie it's not a huge problem. My problem here involves numerous sex scenes. Sex is a huge draw, and I'm a big fan, but for a movie that does as well as Virgin **DVD Blowouts**

does playing things relatively straight, each new horny romp really stops the film. 1. Jillian Michaels - 30 Though often startlingly convincing, these explicit soft-core couplings mostly lack narrative, feature cool but overpowering and too-different music, and employ different mis-en-scene. Flat-out, it's two movies in one, creating a disruptive experience that will warm your loins and confuse your brain. Oh yeah, Ron Jeremy makes a guest appearance, too. How Portland is that?

The DVD

Video:

Our virginal 16 x 9 presentation delivers the nice aspect ratio, but budgetary constraints show. Colors are fairly bright, but not too deep, while blacks, also aren't terribly deep. Details aren't great either, and the image is of just barely acceptable clarity. Compression artifacts like posterizing and other minor defects make their appearances as well. Overall, the picture isn't something bad enough to distract you from the movie, but it doesn't do DVD proud, if you catch my drift.

Sound:

Dolby Digital Stereo Audio does a good job conveying dialog and sound effects in a $_{6.}$ pedestrian soundscape. Most pleasing is the good fidelity and powerful presence of unique soundtrack music, even the disruptive psychedelic guitar rock used often during all that hot vampire sex.

Extras:

Standard extras include a 7-minute Making-Of featurette that's light on narration, but provides enough BTS footage and information for folks with casual interest. A **Commentary Track** with Skelding and Davis deepens the BTS scene, will give you some new insight on soft-core moviemaking, but is a little too dry to be totally entertaining.

Final Thoughts:

This is probably the most serious review I Am Virgin will get, but it deserves it. Solidly built and pretty funny, Virgin is a sturdy spoof. The problem, (other than the low budget) comes when all your favorite hipster Portland strippers start grinding. Are they hot? Yes. Is the action hotter than most soft-core DVDs you'll find? Actually, yes. But is stopping a pretty good goofy movie every ten minutes for cheap sex a good idea? It depends on why you're renting this movie. If you're not willing to go into the little curtained alcove in your local video store, but have an evening alone with your little buddy, I Am Virgin is Recommended. If you're someone who's just looking for the next Sandra Bullock DVD, Skip It. We'll play the average and suggest you Rent It.

Kurt Dahlke

~ Givin' you the real on the regular since 1999.
