## My Quick Reviews (Vol. 1)

I like to mix it up so here's something new. I'll give a synopsis and then I'll tell you if you should get it and why. Then I'll rate it.

### Warning!!!! Pedophile Released

A 12 year old is raped and impregnated by a man named Malachai. Her life is ruined and she turns into a drug addicted prostitute. Basically watch her suffer for like 100 minutes while you wait to find out how madly her and Malachai are in love.

-----  
 My Verdict: Avoid this. It is a cool idea but it isn't executed well. Shane Ryan has a horrible performance and the movie is badly jumbled up in parts. With that being said Kai Lanette was amazing and I'm still waiting for APSK 3-D.

6/10

### Banshee!!!

Teens, who are camping, get killed off by a banshee. Simple enough.

-----  
 My Verdict: Get it. Well, get it tomorrow that is. I got this dvd back in January but it won't be released to the public until tomorrow, March 23, 2010.

It is a fantastic example of a modern day, low-budget, B-horror movie. It looks like it would air on the SyFy channel, but it's better than that crap. Good gory fun that is only brought down by some questionable CGI and questionable acting. The banshee looks phenomenal, the ending is sweet, and the movie even has a cameo by Don and Murph. Check it out on DVD or the Chiller channel.

## Orlok The Vampire (in 3-D)

It's Nosferatu, but in 3-D! Oh and you can also watch it in 2-D too if you want.

-----  
 My Verdict: Get this too. It's an awesome print of Nosferatu and the 3-D is cool enough to seal the deal. The DVD even has an intro by Lloyd Kaufman. LLOYD FUCKING KAUFMAN!!!!

10/10

## I Am Virgin

You've seen **I Am Legend** right? Now imagine the same apocalyptic scenario only the main character isn't Will Smith, He's a white virgin, and hundreds of undead vampire babes want his cock. Sounds reasonable.

-----  
 My Verdict: Skip it. It's not worth it. I tried to watch it but the acting was just so horrible. The humor is subtle and evident but it can't save the flick. It's great quality is the fact that it has a lot of fake tits in it.

4.5/10
