Hard Vision (July / August 2009)

## **Iggy Pop "Lust For Life"**

(ABC Entertainment)

By: Paul Autry

Sometimes less is more and when it comes to Iggy Pop...well...there's not a whole lot more you need to be told. So, this DVD will probably be for the hardcore fan who has to have everything.. The casual fan might pass this one up because it's a pretty bare bone release. It's a 41 minute program that includes an interviews with Iggy Pop and Stooges guitarist Ron Asheton. The interviews were filmed back in 1986, so, there is a historical value to them which, again, the hardcore fan will eat up. Plus, there's some live clips thrown into the mix to give it a little flavor. It's pretty much a quick blast from the past....a moment, really, in the life of a man who has earned his place in the rock 'n' roll history book.
