This DVD was filmed in 1986 when Iggy was enjoying a successful period with the release of the Blah Blah Blah album and the hit single "Real Wild Child". The film captures Iggy on the tour and away from the stage for a series of interviews that cover his career up to that moment in time. Stooges guitarist Ron Asheton is also interviewed and like Iggy goes into detail concerning The Stooges and their perception of why the band split. Filled with exclusive interview and archive footage, some of which has never been seen. This film paints a full picture of one of rock music's enduring talents.
