You Really Got Me - The Story of The Kinks DVD Review (MVD)

You Really Got Me – The Story of The Kinks uses live and studio videos to chronologically take the viewer through the musical history of The Kinks. This isn't a documentary per se but rather a good introduction to the band's songbook and their high-energy live show which is targeted to the casual (rather than the die-hard) fan. The live footage isn't credited but appears to be a mixture of Beat Club and late '70s/early '80s performances, with the later coming from *One for the Road*.

There is a loose narration that serves to guide the viewer through The Kinks' various highlights in a particular year or era and this narration also serves as an introduction to each of the music videos which anchor this film. The narration doesn't delve too deeply into any topic so die-hard fans looking for previously hidden back-stories will likely be disappointed. The videos are a nice guide through The Kinks' musical evolution and they are shown mostly or totally complete. The only (minor) complaint is

that there are cases where live videos from the "new-wave" 80's Kinks are used to highlight songs that came to popularity in the 60's.

Videos include "til the End of the Day", "I'm A Lover Not a Fighter", "Milk Cow Blues", "(Wish I Could Fly Like) Superman", "Well Respected Man", "You Really Got Me", two takes on "You Really Got Me", "Celluloid Heroes", "Superman", "Catch Me Now I'm Falling", "Victoria", "Hard Way", "Low Budget", "Attitude" and "Pressure". The disc also includes studio videos for "Predictable", "Come Dancing", "State of Confusion", and "Do It Again". All of this is interspersed with interview clips from Ray Davies, Dave Davies and Mick Avory.
