You Really Got Me: The Story of the Kinks

Release date: May 18

Details: 2010, MVD Entertainment Group

Rated: Not rated

The lowdown: A DVD that puts the spotlight on the British invasion band of the 1960s and follows them, through their performances, into the 1990s.

Beside the music, there are interviews and comments from members of the band.

The DVD features concert and television performances. The digital transfer is very sharp.

Don't miss: No bonus features.
