## Prima Donna – Bless this Mess (Acetate Records)

By

[Upchuck Undergrind](#)

– March 28, 2012 Posted in: [Reviews](#)

In these latter days, rock-n-roll as its own musical identity has fallen prey to mutations and permutations, post-this and that-core and such all things exploding unto our ears. Not that these things are bad. But there has been a trend toward music that can simply be called rock-n-roll. Remember those days? Well, they're back, and, if you've been paying attention, you'll know that. But you might not know about PRIMA DONNA. The name alone should point to the hedonic excess of rock-and-fucking-roll and such other rebellious ideals. The album's title BLESS THIS MESS does point to the punky side of the band but punk, you'll recall, was, in the beginning, just rock-n-roll – for the masses. And there's a touch of retro – but this is a throwback to – guess what? – rock-n-roll. And, on the whole, the band's sound is – drumroll – ROCK-N-ROLL. Rock is on the rebound. PRIMA DONNA presents proof.
