PRIMA DONNA
Bless This Mess

Track Listing: Sociopath, Maxine, Feral Children, Broken, Let The Games Begin, Bless This Mess, Miss Avenue, Staring Daggers, Crimson Lust, Tryin', Puta Te Amo, She Says

Rating: 5 stars!

The band looks cool, their sound is hip & they opened for Greenday on their last tour...that's what I got from the latest release by Prima Donna.

Musically they were ok, they watered down a few songs a bit too much & I felt like there were some moments where a bit o' aggression would be nice BUT the bands got a style & sound that's all their own & this cd is a fun listen.
