PRIMA DONNA - Bless This Mess

It's been a while since I heard this high octane Rock N Roll band from the USA. Prima Donna first came to my attention when Texas Terri introduced their music to me. From that moment I knew there was something about them and having now heard 'Bless This Mess' a few times I still have a love for Prima Donna. 'Bless This Mess' is an album that is filled with twelve wicked Rock N Roll numbers from start to finish and you'd be a fool to miss out on what is on offer here. I just love the cool tunes and vocal delivery and with tracks like 'Sociopath', 'Let The Games Begin', 'Bless This Mess' and 'Crimson Lust' you'll soon be turning that volume up and rocking out – Oh yes! Prima Donna have written a fine slab of songs on this release and with a new tour coming up you can bet your last dollar they'll be one of the most talked about bands in 2012.
