

PRIMA DONNA (BLESS THIS MESS) CD Hell Yeah! Some great rock n roll, Well this band is one of my favorite's new not so new bands out there today. Well THE PRIMA DONNA play just killer rock n roll with hints of punk, glam, and killer pop licks that gives off a BEATLES, BOWIE, T REX, HANOI ROCKS, DOLLS, STONES, BEAT ANGELS feel with a lot of catchy tunes added in. But this band just delivers a punch of rock n roll with snotty but cool vocals, guitar action, and just great songs with a lot of melodies. Well the new record on Acetate "Bless This Mess" is just killer, can't wait to finally see them live. (EX+) PUNK/ROCK ACETATE RECORDS (BW)
