

THE HANGMEN/East Of Western (Acetate Records) This is easily one of the best rock bands I have heard in quite some time. Just honest to goodness simple, catchy rock n roll riffs along with a kick ass singer won me over. Sort of AC/DC meets southern rock at times. Again I am a sucker for a great riff and this just had simple, but big time effective riffs and none of that new rock sound that you hear on the radio that is all garbage. Just kick ass rock n roll that brings it and delivers it with no flash and style, just straight down the middle. Info:
