THE HANGMEN - East Of Western

The Hangmen have released a number of albums over the years and they just seem to be getting better. Their Punkabilly sound is there to be enjoyed and you should appreciate what the Hangmen are all about. Great music, decent lyrics and good times is what the band is about and I cannot fault them for that. My only grumble with this album would be that it's only ten tracks long. This isn't enough for a band of their stature. However tracks such as 'Homesick Blues', 'I'm Your Man' and 'Railroad Man' make up for that shortfall. A great album that should be in your collection! 8.5/10
