Peter Bruntnell - Retrospective

The Independent have described him as "one of the finest songwriters in Britain". His most recent release was 2009's 'Peter And The Murder Of Crows'. The album found reviewers comparing him with Nick Drake and John Martyn. It was one of Q magazine's Albums Of The Year and was an Americana Album Of The Month in MOJO Magazine. He is one of Britain's best and most overlooked songwriters, 'retrospective' is a compilation from all nine of Peter's albums to date with a re-recorded version and video of his song 'Played Out'.
