The Nun ★★☆☆

Put a little chill into your Christmas Eve with the remarkable spine-tin-gling event, - The Nun (Warner Bros. 4K Ultra HD + Blu-ray + Digital Combo Pack). I watched this film five times because there is so much Gothic detail and frightening facts you will

miss most on the first viewing. A sterling production with enough knee-knocking scenes that will wear you out to the very end of the film and that includes another thunderbolt (but you must watch closely or you will miss it, assuring more “Conjuring” sequels)! When a young nun at a cloistered abbey in Romania takes her own life, a priest (Demian Bichir) with a haunted past and a novitiate on the threshold of her final vows (Taissa Farmiga) are sent by the Vatican to investigate. Together they uncover the order’s unholy secret. Risking not only their lives but their faith and their very souls, they confront a malevolent force in the form of the same demonic nun that first terrorized audiences in “The Conjuring 2,” as the abbey becomes a horrific battleground between the living and the damned. Just get into this movie (without any “Conjuring” expectations), because this is an original story that started the “Conjuring” craze and therefore holds its own water as an entertaining event and you will slide right into the director’s vision of supernatural horror, those especially with demonic possession and Catholicism, but The Nun is so much more than just a simple fiendish purging. Special features: - A New Horror Icon, - Gruesome Planet, - The Conjuring Chronology and Deleted Scenes!

Maniac ★★★★★

Now that Frosty has gone back to the North Pole, settle in for more scary wintery nights with the Notorious Horror Classic Maniac New 3 Disc Limited Edition (MVD Visuals/Blue Underground Blu-ray). I’m warning you to stay home tonight, there is a slasher running about in this gory 4K Restoration from the Original Camera Negative With 3D Lenticular Slipcover - Only 10,000 Available! I was stunned at the blood running on screen in this 1980 production. This exclusive Limited Collector’s Edition includes 2 Blu-rays, Soundtrack CD, collectible booklet, and a ton of extras! Frank Zito (a career per-

formance by writer/executive producer Joe Spinell of ROCKY and THE GOD-FATHER fame) is a deeply disturbed man, haunted by the traumas of unspeakable childhood abuse. And when these horrific memories begin to scream inside his mind, Frank prowls the seedy streets of New York City to stalk and slaughter innocent young women. Now Frank has begun a relationship with a beautiful photographer (Caroline Munro of THE SPY WHO LOVED ME), yet his vile compulsions remain. These are the atrocities of a human monster. This is the story of a MANIAC. Directed by William Lustig (MANIAC COP 2, VIGILANTE) and featuring landmark gore effects by Tom Savini (DAWN OF THE DEAD, FRIDAY THE 13th), this relentlessly shocking and disturbing film was originally banned or censored all over the world due to its graphic violence. Now Blue Underground is thrilled to present MANIAC in a brand-new Restoration from its recently discovered 16 mm original camera negative, overflowing with hours of new and archival Extras!!! Bonus Materials: Audio: 7.1 DTS-HD (English); 2.0 DTS-HD (English); Dolby Digital 2.0, Subtitles: English SDH, Francais, Espanol, Portugues, Deutsch, Italiano, Dansk, Suomi, Nederlands, Svenska, Russian, Korean, Japanese, Chinese, and Thai. Plus Audio Commentary #1 with Producer/Director William Lustig and Producer Andrew W. Garroni, Audio Commentary #2 with Producer/Director William Lustig, Special Make-Up Effects Artist Tom Savini, Editor Lorenzo Marinelli, and Joe Spinell’s Assistant Luke Walter and Deleted Scenes! NEW! Returning to the Scene of the Crime with William Lustig, Anna and the Killer - Interview with Star Caroline Munro, The Death Dealer - Interview with Special Make-Up Effects Artist Tom Savini, Theatrical Trailers, TV Spots, Radio Spots, and the Original Motion Picture Soundtrack CD by Jay Chattaway plus the informative Booklet by Michael Gingold!

Bloody Birthday ★★☆☆

If your birthday is around Christmas Festivities, I suggest you watch this later on in the New Year. Now fully restored the classic Bloody Birthday (Arrow video Blu-Ray) has come to town with all its gory and nudity! And the main killers are three children! “The Bad Seed meets Halloween” in this deliciously twisted early 80s slasher offering directed by Ed Hunt (The Brain) and starring the always loveable Lori Lethin (Return to Horror High, The Prey). Debbie, Curtis and Steven may seem cute as buttons. But their angelic facade conceals the wicked, murderous streak given to them having all been born under the same solar eclipse. With the grown-ups around them blissfully unaware of their little darlings’ homicidal tendencies, the evil brats begin to bump off the adults one-by-one. By gun. By arrow. By cake. Bye-bye! Mixing the killer-kid subgenre with elements of the then-booming slice-and-dice movie, 1981’s Bloody Birthday shocks and appalls with its scenes of young children shooting, strangling and bludgeoning their way through the local population. They sure don’t (and can’t!) make them like this anymore.

Merry Christmas and Happy New Year from Ed Held Studio News. Look for these films opening for Christmas. Marvel’s Aquaman (An Oscar contender), Mary Poppins Returns (already four Golden Globe nods), Bumblebee, Welcome To Marwen, Second Act, Zero, Delaware Shore, Holmes and Watson and Vice! Sho buz returns in January after The Wizard World Convention (January 4, 5, and 6) and review around January 18.
