## Johnny Marr to Guest on "Portlandia"

**Kristen Wiig, Jack McBrayer, Andy Samberg, Tim Robbins, Kyle MacLachlan also guest on second season of Carrie Brownstein and Fred Armisen's show**

By Jenn Pelly, November 3, 2011 8:06 a.m. CT

Ex-[Smiths](#) guitarist [Johnny Marr](#) will make an appearance on the next season of "[Portlandia](#)", [Vulture](#) reports. According to [Fred Armisen](#), the "Saturday Night Live" cast member who created the IFC comedy show with [Carrie Brownstein](#), Marr will play a non-musical role that is a combination of his own identity and that of another character. "It's a question mark," Armisen said. "It's very much you get to decide who he is."

The new season launches January 2012. Additional guest appearances include Kristen Wiig, Jack McBrayer, Tim Robbins, Andy Samberg, Amber Tamblyn, Kyle MacLachlan, and Penny Marshall.

On December 6, the first season of "Portlandia" will be released on DVD and Blu-ray with bonus footage. Watch a clip from that season, featuring Colin Meloy, James Mercer, and Corin Tucker, below.
