### Walter Egan to release new album. . . Myth America. . . Feb. 11th

When I hear the name Walter Egan a few things pop up in my little brain! His music is timeless. . . Magnet and Steel. . . Hot Summer Nights. . . Hearts on Fire. . .

I think of his relationships with Gram Parsons, Lindsey Buckingham, Fleetwood Mac and especially Stevie Nicks. . .

Just a few weeks ago, I had the opportunity to hear Walter at a fundraiser and he played a few new tunes from his new album Myth America. . . just awesome. . . great energy.

The songs on Myth America are current, awesome and just superb! While Egan might be a 'silver-daddy' his pipes are better now than they were when he started out. . . this is an album that is a must have for

anyone that enjoys good music.

Myth America comes out on Feb. 11th, you can buy it on amazon.com and other sites as well. If you're in NYC in early Feb. you can see Egan perform at the Beatles 50th anniversary. For more info check out [www.nycfab50.com](http://www.nycfab50.com).
