Rufus Wainwright

Milwaukee at Last!!!

Live

★★★½

Say what you will about Rufus, he's not camera-shy. The flamboyant singer-songwriter's latest live DVD does more than document his playfully intimate two-hour show from Wisconsin in 2007; it also follows him backstage for every costume change. So if you've ever wanted to see Wainwright in his undies donning brooches, lederhosen and Judy Garland tights, here you go.

Bob Dylan

1978-1989: Both Ends of the Rainbow

Documentary

★★★½

The late '70s and '80s were not Dylan's most successful years. But they were eventful — he embraced Christianity on *Slow Train Coming*, took part in *We Are the World* and *Live Aid*, and put out several underwhelming CDs before getting back on track with *Oh Mercy*. This thorough doc chronicles it all via interviews with collaborators and critics and plenty of clips. Intriguing.
