Devo - LIVE 1980 (Music Video Distributors)

Devo

LIVE 1980 (CD/DVD DUAL DISC)

Music Video Distributors

Wow! Devo caught at the top of their game! That's right, Spuds! Devo, recorded live at the height of their popularity. Complete with all the silliness, weirdness and mechanical vibe of the band's always vibrant live performances, you can really tell just how fun the DEVO experience was back in 1980. This experience is further enhanced when you consider that this was before the excess of the 80s was in full swing. From watching this

and listening to this, it's clear that Devo were a very tight, energetic live act back in those days. Providing DualDisc so you can enjoy the audio or the video from this show, LIVE 1980 is a must have if you are a Devo fan. Excellent collectable.

PITRIFF RATING – 8/10.
