Thank you Jesus for Devo!!!

Spudboys and Spuddettes, here's a nice compliment to devolutionizing the year 1980. All the way from the dark mattered!!! This is a multiple-camera feature with some grades of footage quality. The closer shots are nice and a little aliasing on the corners. But it don't matter cuz th throughout.

You know they open it with "Whip It" and close it with a "Your Mammy." In between there are other expected nu and "(I Can't Get No) Satisfaction" as well as other you latching Brain," and "Secret Agent Man."

Devo's performance is everything you'd want it to be: e Mothersbaugh sweat like you wouldn't believe! He's co go! Good lighting, the trademark keys and drums flank audio CD version of the concert on the flip: watch at ho [Land of the Rising Sun](#) DVD and see why these guys a they've maintained energies you can't find in today's yo [www.clubdevo.com](#) [www.musicvideodistributors.com](#)
