

NERO SUPPORT HD-DVD

At the 2006 Consumer Electronic Show held in Las Vegas from January 5 – 8, the DVD format war was in full force with one of the world's largest digital media companies Nero demonstrating their support for the HD-DVD format at their booth. Nero has started to use the new technology, which they demonstrated at the electronic show, concentrating on the new high-definition format in their own products. Nero has more than two hundred million users worldwide and are hoping their support for the HD-DVD format will provide quality media management programs to their customers.

DESERT ISLAND DVDS

1. BO SELECTA (BOXSET)

Twisted, hilarious and offensive. "I'm a bad, invincible, Bo Selecta loving mother f*&%er, chamone."

NEVER:

ANYTHING WITH ADAM SANDLER/PAULY SHORE/BEN STILLER - I'd rather watch my parents have sex than these unfunny twits.

2. JACKASS (BOXSET)

I have a man crush on Johnny Knoxville and he looks hot covered in poo.

3. LED ZEPPELIN – SELF-TITLED

The best by a mile. Try to imitate and you'll end up looking stupid - you listening Wolfmother??

4. DEAD MAN

Original, funny, moving, violent, crammed with interesting cameos and Neil Young's music.

Bladder-strainingly hilarious. "Nurse, some incontinence pads please."
