NEW YORK DOLLS

All Dolled Up DVD

Rating: 6 Stars

This is the first DVD that I have ever seen that captures the NY Dolls in their heyday...it has actually onstage & offstage footage of the band & you get to see what it was really like for the Dolls, both as people & as rock stars in a blooming NY rock scene that treated the Dolls as both icons & parasites. It's fun to watch the band go through the airport with beers & smokes, dressed in drag while older, less hip folks look at the band in disgust! When you watch this DVD, you can see just how sooo many rockstars have copied things from the NY Dolls..for instance, Tracii Gunns from LA Guns TOTALLY copied Johnny Thunders, but it is very cool to see it, because that imitation is the best form of flattery & seeing a young David Johansen apply his make-up, & witnessing the backstage antics, the onstage raunchiness....the dolls were NOT perfect musicians, BUT, they wee perfect Rockstars & this DVD is the document to that statement & I think this is a MUST SEE DVD!
