

NEW YORK DOLLS 'ALL DOLLED UP DVD'

(MUSIC VIDEO DISTRIBUTORS)

If ever there was the ultimate NEW YORK DOLLS DVD, it should be this new DVD of the legendary Glamrockband. This DVD contain almost 4 hours of rare NEW YORK DOLLS material, ranging from performances to backstage footage of the band. Back in the early 70s they were the first band to look and sound like a Glamrockband, which would become huge in the LA scene of the 1980s, although some say they also started the Punkrock explosion in the UK in 1977. Nevertheless, the band's music was basically simple rock n roll influenced by the 1960s Garage Rock of STONES/KINKS and some very early 70s New York/Chicago Rock N Roll of ALICE COOPER/MC5/STOOGES. The band was not really sounding professional and therefore they were ignored by the press, but the fans who liked the raw rock and lifestyle of this band were making them a legendary band. Selected from over 40 hours of material, this DVD offers some unique rare material of a very wicked and underground rock band which would become pretty huge in the following years after their split. The DVD is built around live performances and documentaries, all filmed in a sort of amateuristic kinda approach, so be aware that this is not a high quality professional DVD, but nevertheless it offers a lot of rare unseen material of a legendary band which will be a pleasure to watch one a cold winter's night. Definitely a must-have for any Glam and Punkrockfan. Available through: <http://www.musicvideodistributors.com>
