

SAMHAIN - 'Live 1984 @ The Stardust' DVD

Samhain, All Murder, All Guts, All Fun, Macabre, Die, Die My Darling, The Shift, The Howl, Black Dream, I Am Misery, Halloween II, The Hungry End, Unholy Passion, Horror Business, He-Who-Can-Not-Be-Named, Archangel, Moribund

The only thing I can say after watching this classic Samhain set is "f___ amazing." Don't expect a great edit or necessarily great camera work, but the footage is untouchable. We've all seen terrible live bootlegs floating around. Good thing the Samhain boxset released in '99 helped bring some quality Samhain footage to the fans. Now this is just the icing on the cake. Samhain live and raw. Upfront, closeup, sweat and all. If you were not lucky enough to be there, you will definitely want to watch this.

Some really incredible live footage of Glenn Danzig circa '84 at the Stardust Ballroom in Hollywood, CA as well as killer footage of Eerie Von, Steve Zing, and Damien. They all look so young while you notice Glenn being the one behind the driving brutal force of Samahin. Hear Samhain play killer tracks from both "Initium" and "Unholy Passion." Also some old classics make it to the setlist such as "Die, Die My Darling" and "Horror Biz", Samhain style. Some classic moments as well where Glenn smiles and cracks a joke to the camera. And wait until you see the band go into "Archangel". Some of the best footage I have ever seen.

There is no question this will be a must for any Misfits - Samhain - Danzig fan. This Samhain DVD is due to hit stores
