Raw and aggressive Punk Rock and a show as wild and crazy as it gets. Filmed on stage, the crowd going wild and almost as much a part of this show as the musicians are. If you saw this show live, you will want to own this part of your musical history. If you wanted to see it and missed it... this is your only chance to "almost" erase this mistake from your past.

Wild wild stuff. Recommended to the few that can take it!
