Europe

Live From The Dark

Music Video Distributor

2 DVD set from the kings of pomp metal... *Reviewed In-Brief*

Something's in life are guaranteed; Everyone will die, everyone will try Karaoke, Everyone will embarrass themselves whilst drunk, and generally you will commit all these sins to Europe's 'The Final Countdown' (dying of embarrassment of course!)... To know, love and obey Europe is something easily installed with their diehard fan base, and so this double DVD set will cause them all to unite and party like it's 1999 (oops, sorry, wrong New Years Eve anthem...). In all seriousness though; with an eighteen song live set from their Hammersmith Apollo (including 'The Final Countdown...'), 24 hours of documentary footage, band interviews and bonus tracks you'd be hard press not to be impressed! A treat for the fans!
