SHAM 69

Hershram Boys DVD

Track Listing:

Rating: 6 Stars!

The "Hershram Boys", or Sham 69 as they are called, really do take a page from Iggy Pop...their singer reminds me so much of Mr. Pop that it's funny! One of the really cool things about this dvd is that in-between every song or so, there are interviews with the band where they explain what they wrote each song about! "You're a Better Man Than I" is a cover of the Yardbird's classic, & it's actually a great cover, because it's different than the original & the band really do it justice! Sham 69 do something on this DVD that I've never seen a band do also...the very last song is "Borstal Breakout", which was played earlier in the set on this dvd, & the band asks the crowd what their favorite Sham 69 song is & they will play it..well, the crowd can't choose a song collectively, so the band says screw it & they play "Borstal..". For older guys, Sham 69 still has a lot of relevance & power, so I think this is a killer dvd if you like original, classic punk rock music!
