## *BAD BRAINS*

### *Live At CBGB 1982 (DVD)*

#### *Wienerworld*

3 dates at CBGB starting Christmas Eve 1982, and this concert is culled from all 3 shows. Certainly it will please any punk and hardcore fan, it's out and out noisy rock'n'roll at its most extreme. You look at the four sets of dreadlocks and you'd expect some hardcore reggae, which does slip in, but it's a real punk thrash set you get here, with many of their best known within the 19 tracks on offer here. A mixed crowd, black and white, some enjoying the moshpit and stagediving, others sitting and watching coolly, in a very snobbish new wave fashion. If you like it hardcore it's a lot of fun and a real piece of history. Bonuses include a 1982 interview too. Noisy, trashy, thrashy, but that's what this kind of rock'n'roll was all about.
