**WENDY O WILLIAMS / THE PLASMATICS (10 YEARS OF REVOLUTIONARY ROCK N ROLL) DVD**

Finally a pro done DVD covering the life and times of WENDY O WILLIAMS / THE PLASMATICS, well this DVD is like the VH1 show "Behind the Music". This DVD will give you a complete history on the life and times of the great rocker and great band even breaking ground on some untold stories as well.

Well this DVD will cover all the albums and records with some history and stories behind them. As well as stories about lawsuits, shows, tours, video shoots, record deals, band members, art work, and other tales told by ex band members, producers, writers, crew members, and other people involved with the band. Well this DVD feature some great live footage, interviews with Wendy, TV clips, photos, lyrics, videos for a few songs, band footage, and more great stuff many never seen up to now.

On the up to 3 hour DVD you get some sex, wreck n roll and heard / see some great tunes that still holds up today. Well I was luck enough to witness THE PLASMATICS (one of my firsts punk shows) as well as the WOW band and still remember the power of those shows. Well WENDY O was the real deal, even more than THE SEX PISTOLS and she real put the danger in rock n roll as well as songs that could back her up.

But this behind the music style DVD doc will just give you a great history on WENDY O WILLIAMS / the PLASMATICS who led the way for such bands as TEXAS TERRI, DWARVES, MIDNIGHT CREEPS, GG ALLIN, EROCKTICA, MARILYN MANSON, THE GENITORTURERS, an other bands who put the shock and take rock n roll over the edge. On this DVD you get clips and promo videos and footage of these songs... black leather monster, brain dead, butcher baby, corruption, fuck n roll, I love sex, monkey suit, master plan, it's my life, pig is a pig, tight black pants, the damned, sex junkie, put your love in me, party, and more great songs of punk rock / metal destruction. This is worth getting if you're a fan. (GREAT) PUNK / METAL MVD VISUAL (BW)
