Pixies Screen Film At Various Locations Throughout The US

Posted by: Admin on: Tue, Nov 07, 2006

MVD Entertainment Group, Stick Figure Productions and various retail and publication sponsors will be coordinating screenings of the documentary on the legendary PIXIES in promotion of the DVD release on November 7th. *loudQUIETloud* is an intimate portrait of the band members and their difficult, tense and ultimately triumphant return as one of rock music's greatest bands. When college rock darlings the Pixies broke up in 1992 on the cusp of mainstream success, their fans were shocked and dismayed. When the Pixies reunited in 2004, those same fans and legions of new listeners were ecstatic and filled with high hopes. *loudQUIETloud* follows the rehearsals and the warm up shows for the full-fledged, sold out reunion tour. It also catalogs the less glamorous side of the touring band lifestyle, getting as close to this enigmatic act as anyone is ever likely to get. Old wounds have not completely healed and the extreme pressure of the tour takes its toll on the band, but nevertheless, they deliver the goods onstage. *loudQUIETloud* captures the Pixies, their families and their fans in what seems to be a once in a lifetime chance at rock n' roll redemption. Soundtrack by Daniel Lanois.
