NASHVILLE PUSSY (LIVE IN HOLLYWOOD) DVD

A 70 minutes NASHVILLE PUSSY concert that captures the band Hell rising and partying hard live full on. Well this film really captures the band's true spirit of sex, power and dirty rock n roll. Well seeing NVP live is really fun and NVP are one of the bests live bands on the road who are like the James Brown of punk rock n roll just touring road hogs.

But in this concert filmed in Hollywood NASHVILLE PUSSY will shove some sleazy kick ass rock n roll down your throat. Well with a style of rock n roll that also have hints of punk and country as well, NASHVILLE PUSSY will hit you like THE CANDY SNATCHERS, NINE POUND HAMMER, HAWK WILLIAMS , ANTiSEEN, ELECTRIC FRANKENSTEIN, and MOTOR HEAD with their own fasts and furious style added in.

Well this DVD feature such crowds favorites as... pussy time, going down swinging, snake eyes, high as hell, she's meaner than my mamma, one way down, I'm the man, the bitch just kicked me out, nutbush city limits, shoot first run like hell, and more great tunes just made for ass kicking, alcohol drinking, and just hard partying.

Well this DVD also have some killer bonus stuff from backstage tour footage, interviews, clips from touring Europe and more fun and crazy stuff.(GREAT/EX)
