the movie progresses, we learn the "Mafia boy" in question is non other than **Hoursemouth's** boss at the club his band plays at. They picked the wrong dread to mess with, as **Hoursemouth** and his fellow Rasta's get what's theirs and then some!

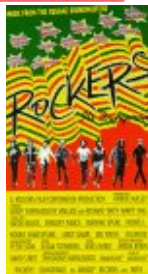

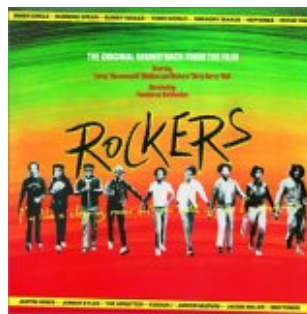

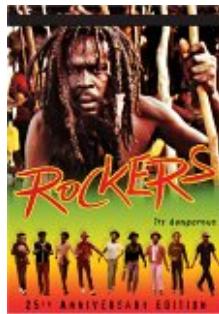

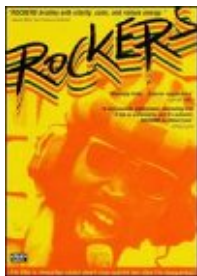

The anniversary DVD, distributed by **Music Video Distributors**, is loaded with bonus features such as two music videos that accompany the movie, director commentary, poster galleries, and a **Rasta** patois glossary for the foreigner boy them who no see it. I-man highly recommend this movie to all who love good music.

"**Rockers**" is a step above "**The Harder They Come**" in my opinion, as it has much more musical scenes from many top notch reggae music and artist like **Gregory Isaacs**, **Burning Spear**, **Jacob Miller**, **Jack Ruby**, and **Robbie Shakespeare** to name but a few.

Laron, Interesting review I enjoyed it quite a bit.

I don't think that it is really fair to compare the movie "Rockers" with "T.H.T.

C. though". They both are capturing two different time periods in evolution of Reggae music and two years can seem like forever in the always changing Reggae scene of Jamaica. The Harder " " is at the stage where Rocksteady has begun to shed it's Ska roots and "Rockers" begins during the Roots Rock phase of Reggae and captures the evolution into the more politically charged era of Reggae. They are both entertaining and to be sure the production values in "Rockers" are of a much higher quality than "T.H.T.C."

"T.H.T.C" has several jams from Toots & The Maytals so big ups for that but in "Rockers"there's the great Burning Spear so it's hard for me to personally pick one over the other. Both of these flicks have a similar story (or lack of LOL) that are basically just set ups that are showcases for the music and performers which is alright with I and I.

A recent flick you might want to check out is called "Dancehall Queen". It is filled with excellent performances and a thin plot to tie them together. It has mainly current Dancehall stuff like Buju Banton,General Degree,Carlene and more.

It's from 1997 or so. The dancing is top notch with all these real fine Jamaican honeys wineing down,doing the Butterfly, the Sesame Street and many other dances that make the booty shaking contests at Crunk shows look like PG rated kid stuff for sure. If you like dancehall Reggae sounds you'll like [this flick](#) if not...

You certainly did a better job with this review than I was attempting to do. I've been working on it for two weeks and haven't gotten anywhere.

As a reggae fan (yes, in spite of all the blues/rock fare I tout) I sat back and thoroughly enjoyed the music.

Horsemouth reminds me a lot of one of my Jamaican friends from my last trip there many moons ago. The patois? Gotta love it! Don't understand it? Drink more rum!

[Great job with the review, Laron.](#) I'm actually inspired to try again.

As usual, I was too early -- [my review of Rockers](#) (though not the 25th anniversary discs, natch) appeared on BC in 2003. Or perhaps I was ahead of the curve, yeah, that's the ticket. Seriously, this new review was quite enjoyable (though I agree that a comparison to *THTC* is like, well, callaloo and ackee). And it would be great to see Ms. Joanie's review too!
