## The Workhorse III - "The Workhorse III" CD

Brash and snotty sounds from a new Philadelphia act who play a raw and reckless sort of rock that isn't quite metal, punk, or sleazy post-grunge grime, but falls somewhere in-between. Vocalist Lisa Flynn has a brazen, snarly swagger that's like a female Iggy Pop, while her band creates a clot of loud post-punk that's messy but melodic. Fans of stuff like the Stooges, Radio Birdman, or the MC5 should appreciate this. "Infect The Masses" is especially vitriolic, and this short, sharp rock fix is catchy in all the right places. Enjoyably rough. ([DRP Records](#))
