## [Far I Films Raises Cultural Consciousness With Gritty Drama](#)

MVD is a font of joy for those into edgy underground dramas and films about other cultures. The beauty of stories like this is threefold – to enjoy a tale, to see how other cultures operate and to see how universal the human experience is across cultural lines. OUT THE GATE offers not only cultural consciousness raising but also a touch of tension with the suspense angle to this human drama about a Jamaican musician who leaves his homeland behind him and places his hope in the States. His hope doesn't betray him – at first. He discovers success as a Dancehall Artist (did I mention there's also a musical component to this for those who dig music movies?) and even falls in love, but his success only serves to draw the attention of an LA crime lord. From Far I Films and MVD.
