

REVIEW SCALE

5 – The album is excellent, it could also be considered perfect or near perfect. There may be a few glitches or setbacks, but they are not detrimental.

4 – The album is very good. There aren't too many glitches or setbacks but the ones that are present keep the album from being excellent.

3 – The album is mediocre. While the album is alright, there isn't anything that makes it stand out above other albums. Some of it is good, and some of it needs work.

2 – The album is bad. Many things have gone wrong, and unless it happens to be within your personal favorite genre, chances are it's not even worth your time. The band has a lot to work on.

1 – The album is terrible. The album isn't worth your time, no exceptions.

Note: Be aware that in November 2004 the grading scale was revised to how it is shown above in order to maintain more consistencies between our reviewers. Many of the reviews in our Archive may include ½ marks and ¼ marks and please be aware that the ratings at that time were also more open to our reviewers' interpretations of the rating scale, as opposed to this now absolute grading scale which our reviewers are responsible to follow in their rating procedures.

QUEEN

DVD COLLECTOR'S BOX

© 1999 PARADE PICTURES

Capitalism is alive and well, as evidence by the latest unauthorized Queen double DVD boxset. MVD has issued the previously issued *Magic Moments* and *Under Review 1973-1980* together in one package as *Queen DVD Collector's Box* this might irritate some that might already have purchase one of the two titles, but if you're a collector chances are you'll shell out the money once more. Much like the previous Queen *Under Review 1980-1991* DVD that we reviewed these are along the same lines.

Under Review 1973-1980 tells the story of the band from the early beginnings until the year 1980. The second DVD focuses on Queen in the 1970's, with tons of great footage and photographs of the band. The DVD's feature interviews by folks in Queens inner circle, among the participants are; Paul Gambaccini, Wayne Sleep, Peter Stringfellow, journalists such as Daryl Easlea and Nigel Williamson. In all there are 163 minutes glorious of Queen. God save this Queen.
