Sure, this is a rock doc, but it's no ordinary rock doc. Besides the fact that it sprawls across two DVDs – complete with sleeve to contain them – it's also atypical in a way in that it isn't a rock doc about the band or the band behind the scenes or the band on stage or Yeah, this is about the Rolling fucking Stones, but it's about way more than that. The crux of this Stones doc is the two men who are arguably the crux of the Stones – Keith and Mick. These guys have a relationship, both personal and musical, that goes way beyond the Stones, just like this 2 DVD set. Hell, Jagger and Richards went to school together as children! This double disc set explores the broad subject with a broad scope, examining the ins-and-outs of Keith and Mick's rocky relationship, rocky for more reasons than the rock-n-roll. There's tons of goodies here for Stone fanatics, clingers to Keith and marauders of Mick. Clocking in at nearly four hours, MICK VS. KEITH may be the ultimate documentary about this super famous rock duo.

Full frame, 224 min.
