

**SPOKANARCHY! "WHERE WERE YOU IN 82" DVD** Well this is an excellent documentary about the early Spokane, WA punk scene with interviews from some of that cities scene makers from... band members, zine people, club promoters, fans, and just people talking about the great old days of punk rock. The doc feature loads of great interviews that bring back memories of the 80's when punk was wild and fun with that outlaw feel. Just good stories about punk rock, sex and drugs, a must for any punk from the 80's or music fan who love behind the music. (EX+) PUNK CARNAGE & ROUGE / MVD / SPOKANARCHY.COM (BW)
