Details About Secret Filming Location Revealed For The Avengers

Christopher Nolan Waxes Poetic On Star Wars

60 Screenscaps From The Official Avengers Trailer!

VIDEO GAMES: SPOILER Batman: Arkham City Has At Least One More Secret Character

Wall Street Has A Way For Warner Bros. To Quote "Be More Like Marvel"

Captain Power And The Soldiers Of The Future Coming To DVD December 6th. Reboot In The Works?

This is the definition of cult following folks and the epitome of being "ahead of it's time." Luckily, *Captain Power And The Soldiers Of The Future* just may get a second go-round.

Season two scripts for *Captain Power And The Soldiers Of The Future* were commissioned and written but the show was canceled after a 24-episode run in first season. This was a starting point for industry stalwarts J. Michael Straczynski (everything), Ken Girotti (*Supernatural*), Marv Wolfman (you know who he is), Larry DiTillio (*Transformers: Beast Wars*) and so many others. Well if the show's creator, Garry Goddard (director of *Masters of the Universe*) has his way, the show will return with an adult orientation.

Source: CNN

Lost amidst the 80's hits of *Thundercats*, *Teenage Mutant Ninja Turtles*, and *Tron*, *Soldiers Of The Future*, which trust me folks, is the very definition of cult following and early CGI animation and bringing a mature storyline sensibility previously not

"I wanted CGI villains," Goddard told CNN. "Computer animation was very new. I wanted characters but I thought we could."

Another first of the show was the interactive toyline which actually interacted with the show. The series will be available on DVD on December 6, with a new in-depth documentary and behind-the-scenes features.

teabag - 10/21/2011, 9:30 AM

Holy sh*t..i remmember this lol :P

Fray - 10/21/2011, 9:34 AM

LOL! I remember this! In fact, I still have the first issue by Neal Adams from Continuity Comics that I bought of the rack back in 1988 or '89. Damn I'm old! :>)

mikebunt - 10/21/2011, 9:37 AM

Never heard of it, but it looks awesome!

Shaman - 10/21/2011, 9:37 AM

That series was so bad, it ROCKED!!! Thank god for it cause i couldn't stand all the Star Trek reruns and Dr Who shows as a kid. Captain Power kept me watching tv. Thank you Captain Power!!!

sexfoodcomics - 10/21/2011, 9:42 AM

I loved this show as a kid. This was the one where u have some weird gun thing and shoot at the red lights on the enemies on the tv right? What was the bad robots name that had a head that looked like bird?

BmanHall - 10/21/2011, 9:44 AM

You know, one day we are going to look back and laugh.

Dude 1: "Hey, remember back in the early 2000's when we couldn't think of anything new?"

Dude 2: "Haha, yeah. Didn't we call those Reboots or something? God, we were so stupid back then."

Stumblin - 10/21/2011, 9:48 AM

Man this show kicked ass. I loved those fake commercials too, blew my mind as a kid.

nuck82 - 10/21/2011, 9:48 AM

i totally had this game when i was a kid!!! was the best!!

Gusto - 10/21/2011, 9:52 AM

Pfffttt...he's no Bibleman.

plasticman - 10/21/2011, 9:56 AM

I loved Captain Power. I had several of the toys. I'm sure watching it now would be extremely hoaky, it was an original in its day.

A remake would be awesome, since this genre is rather popular now and the quality of the special effects this concept to light at the level that it should be.

fistofthenorthstar - 10/21/2011, 9:57 AM

wouldn't mind seeing this come back. that was such an awesome idea to interact the toys with show a the time.

plasticman - 10/21/2011, 9:57 AM

@ Gusto- You're right, he is no Bibleman, but that's because Willie Ames has his own spot at the top c the Awesome-meter.

Blackcat14 - 10/21/2011, 9:58 AM

This was an awesome show, and I'm glad they may be bringing it back...

Shaman - 10/21/2011, 10:00 AM

sexfoodcomics- That's the one. But i was poor so i just shaped my fingers into a gun and screamed gu noises at the tv. And that Pterodactyl machine i can't recall the name. I keep getting "Sauron" in my head but that's not it. Oh the TANK robot was my favorite :))

HelaGood - 10/21/2011, 10:00 AM

ooooooooooooooooooooooooooooo!

Gusto - 10/21/2011, 10:03 AM

Respect The Willie!

plasticman - 10/21/2011, 10:04 AM

Now that I think about it, there was so much to love about this show as a child. I can totally them utilizing interactive toys linked to the internet or something.

Stumblin - 10/21/2011, 10:07 AM

I loved the Tank robot and bird lookin' guy, both my favorites.

Stumblin - 10/21/2011, 10:08 AM

I still have them too!

fadersdream - 10/21/2011, 10:09 AM

I loved this show, the toys were great, some of the best toy jets you could get and the pterodactyl rot was great to use with my GI Joes.

SteveRogersSon - 10/21/2011, 10:15 AM

Heck yea I remember this show and the ship/gun toy...you missed a red dot and the monster swung a you or shot you and your figure would fly out of the cockpit...AHHH yes the good ole 80s....There was Elmo or Homo Burt/Ernie...NO teletubbies or Barney....Bugs Bunny was on TV reruns and beating a dc female heroes wore armored S&M clothing and had cleavage..And dare I say his name...MICHAEL MO' buddy....

Pepsi..the Choice of a new generation!

RorMachine - 10/21/2011, 10:17 AM

I remember this..I even had a few of teh action figures. I can't remember if it was any good though

BackwardGalaxy - 10/21/2011, 10:24 AM

You Will Be Assimilated.

sexfoodcomics - 10/21/2011, 10:28 AM

If they do a serious battle star galactica version of this show it will be freaking amazing.

Shaman - 10/21/2011, 10:28 AM

SteveRogersSon- Elmo, Burt and Ernie were there in the 80ies. Because there's no way in hell i would have watched Sesame Street in the 90ies. LOL

JackBauer - 10/21/2011, 10:29 AM

I remember this shit. There were also toys that could interact with the show or something.

BatSlam - 10/21/2011, 10:29 AM

Oh my god, you people remember this show? i have never found anyone else that does. This was my favorite show when I was a kid. It was only one season because that was at the time when there was that huge group of mothers against guns and this show got booted because it was basically a future w wasn't the best production in the world, but was the 1st kids show to mix cgi and human interaction, c in general.

I always wanted to see an adult version of the show, it would be sweet, or an adult comic book reboot had a bunch of the toys, and my mom had pictures of me in my onesies pajamas, a bike helmet, my t pretending to be captain powers when i was 5 or 6.

I even seen the red the scripts from the 2nd season, sometimes you just cant let your child hood thing this will happen.

Shaman - 10/21/2011, 10:30 AM

Ror- If you couldn't like Forever Knight, don't bother watching Captain Power today LOL I know they have nothing in common but Captain Power was for my childhood what Forever Knight was for my tee Cheesetastic! :P

Shaman - 10/21/2011, 10:32 AM

BatSlam- Remember the episode where all the "Soldiers of the Future" pretty much came all over the place after eating a piece of orange? That one made me go "WTF???" as a kid, not fully understanding the setting they were in at that age LMAO!

plasticman - 10/21/2011, 10:32 AM

@ fadersdream- I was thinking the exact same thing! I thought it would be too geeky to mention, but now that I think about it that comes with commenting on this website anyways.

They were the perfect size to interact with the GI Joe figures and long after I could remember what C& were there was plenty of doo-hickies on him to let the imagination wonder. I considered his chest to b with the ability to shot blasts out from his suit!

plasticman - 10/21/2011, 10:37 AM

Ror- You have opened up a soft spot in our hearts today. This has been therapeutic and I feel a strong bond with all of you now in our own Capt Power-ful way.

SuperSpiderMan5778 - 10/21/2011, 10:38 AM

holy fawk i remember this shit. i remember having the gun/spaceship that u would shoot at screen an the enemy shot you back the pilot in the ship would eject. wow we've come along way with first perso shooters espceally using some sort of zapper gun like the wii guns, kinect or the ps move. man i'm ol

Shaman - 10/21/2011, 10:39 AM

Although my favorite villain was the Tank Robot, there was one of the Soldiers of the Future that had callname "TANK". Of course he was the powerhouse with his huge plasma canon. The actor that playe him was in a few action flicks as well! He got his ass handed to him by Van Damme in Hard Target, be hunters (i think they called him Sven or somthing). And the last time i saw him was in The Rundown v playing one of Billy's bodyguard/goons, with Brandon Molale being the other one. TRIVIA :))

Shaman - 10/21/2011, 10:53 AM

Just for the taste of iiiiiiiit... Diet Coke!

primeobjective - 10/21/2011, 10:59 AM

This was our version of HALO back in the day!

Jordanstine - 10/21/2011, 11:04 AM

I had the TOYS!

Philvis - 10/21/2011, 11:12 AM

Used to watch the show. I remember winning one of the interactive toys with a Captain Power figure from the Fox Kids Club one time. Good stuff.

TheAmarilloBlack - 10/21/2011, 11:22 AM

lol Fox Kids Club, awesome.

I remember playing with the plane and the "interactive" video combat missions and getting sooo pisse figure kept getting hit and ejected out of the plane...ah, youth.

marvel72 - 10/21/2011, 11:28 AM

i haven't seen this in years,that bottom photo looks borg.

AlexDeLarge87 - 10/21/2011, 11:35 AM

This is going to be awesome! :)

PeterDarker - 10/21/2011, 11:36 AM

Had the jet and used to get my ass kick. I was talking about Captain Power last week. This is awesome

BatSlam - 10/21/2011, 11:36 AM

yeah, some of those episodes had very adult themes for kids. Did they ever explain what happened w someone was "digitized"?

Starlight - 10/21/2011, 11:41 AM

Hey, never heard of this... for being an 80's show and specially TV, this looked AWESOME !

I'm worried though that it may be too similar to Terminator and Battlestar Galactica to go on the screen

wepx5150 - 10/21/2011, 11:47 AM

I watched this on Sundays! Nice find! Now, if we can get them to re-release those late night "Night Flight" shorts!

Shaman - 10/21/2011, 12:01 PM

BatSlam- Not that i can remember. I do remember getting scared shitless of being digitized though LC

Dedpool - 10/21/2011, 12:16 PM

I remember this. I had Captain power's ship!

BatSlam - 10/21/2011, 12:37 PM

Yeah, I always wanted to know what it was, you got zapped, pixilated, and then vanished, and it seem like a very bad thing to have happen.

SteveRogersSon - 10/21/2011, 1:26 PM

@shaman..OH shit your right...Elmo was on there in the mid 80s....I guess I was trying to burn him o of my memories....that damn horrifying laugh of his.

OH yea Burt and Erine are staples...it was the 90s when they hopped out of the closet right? and didn

write33 - 10/21/2011, 1:40 PM

LOVED this show as a kid. look forward to the DVD's for some nostalgic good times.

artofjaymz - 10/21/2011, 1:58 PM

according to IMDB.COM the woman playing Andrea on Walking Dead's tv series got her start with this show. Call me crazy but I'm gonna guess she's the blonde girl....now if only they'd let her handle a gu more on the Walking Dead...preferably a sniper rifle.
