[H.H. The Dalai Lama Facing Death and Dying Well DVD](#)

Release date 9/27/11

Description: *H.H. The Dalai Lama teaching about the truth of suffering, the Three Characteristics of Existence and the dissolution of the body's elements at death. Meditating on impermanence and the momentary changing nature of existence helps us appreciate the basic unsatisfactory nature of existence, and strive towards liberation. His Holiness encourages us to develop our awareness of death and move from gross understanding to more subtle levels.*

In this DVD series The Dalai Lama speaks on a variety of topics. Some are positive, feel-good topics and others are more somber.

Death is not a pleasant subject matter, but this is something that we need to deal with eventually. The DVD helps to give perspective to death and the process of dying. Thinking about attitudes ahead of time, before emotions are raw is a good thing.

H.H. The Dalai Lama speaks partly in English and partly in his native Tibetan language. A translator sits by his side and helps with direct translation and explanations as needed. They work well together.

This is an excellent DVD series that can be beneficial to all people – Buddhists and others.
