Plot-

A Repulsive yet Fascinating Glimpse into the Mind of a Deranged Killer

Michael Regardie is a lonely, delusional and sick religious zealot of his own invented faith – a faith that justifies hideous rituals of murder, rape and sexual torture.

Absolution from his escalating nihilism and debauchery may lie in his latest victim. But as salvation seems at hand, a specter from his past demands revenge...

review-

Movies like this, I always wonder what is the fascination of doing something and not truly going all the way with the vision. The acting is a joke. The scenes with the females, again I will say, if

you are going to go this route why not just make it a porn? I mean, alot of young kids who are not old enough or want to tell people they watch porn will get into this movie. Its hardcore lite. The sex scenes are graphic for R Rated or Cinemax. The women are all super hot, and they seemed to be open and game for going as far as the director wanted to go. I dont get into the fascination with rape. But, there is a large majority of males who will say they do. The movie was boring to me. I did get into the females, but watching acting this bad and just uncalled for scenes that did not fit and feel desperate. There is a crowd of guys who will watch this and love it, and tell me I am a idiot. and maybe I am, again the girls were hot and they showed their bodies off and did some scenes that were so odd and sort of over the top in terms of taste and sexuality. If you want to see hot girls do R Rated sex, and get fake oral. This movie should be on the top of your list..I want to share with you a piece of dialog..he sees this girl in the middle of the night walking the street..she is wearing shorts so short you see her panties. She goes to his house, and says " my parents are so square they kicked me out of the house for giving my bf a blow job. They should know that is what we do these days" and the guy then looks at her and says " can I fix you a drink". To all women, if you tell a total stranger this and he wants to fix you a drink..then you deserve what ever he can do next...ughhh...

10 for the women...the film itself ...1 1/2
