**What they say:** Get ready for some s '80s style in this deranged satire and cinema! A group of young campers he weekend of sex, booze and silliness at only to be picked off one by one by a psychopath wearing a pig's head mask cheerleader? The slut? The nerd and robot? Loaded with boobs, blood and

reminds us it's still not safe to go back in the woods.

**What I say:** As you know, here at About Heroes we are huge fans of classic horror. Porkchop definitely falls into the latter category. I mean it tries real hard, and it this film is so silly and dumb, you just can't muster up any excitement about it.

It's really standard stuff. Kids go to woods, kids show tits, kids do stupid things, sequel. There are a couple of really cool kills though, like when the cheerleader the nerd makes a smart ass robot that screws the girl he likes. There were a few

mentioned chainsaw fucking, the effects were nothing to write home about. Oh, mask route, at least TRY to best Motel Hell.

It's definitely good for a watch, but I don't know that I would return to it any tin

Picture quality is very jerky in several scenes. I'm not sure why that is, but it doe unimpressive.

Film: 6/10

DVD: 6/10
