It's exactly what it says it is. Clocking in at feature length, this tale is one rabid fans will be glad to hear told. It's comprehensive, spanning the band's existence from formation all the way up to the world tour that wrapped in 2010. I'M NOW: THE STORY OF MUDHONEY is a must for Mudhoney fans. That much is obvious. And this is more than just a few clips and stills with a narrator blah-blah-blah-ing over it. No, people close to the band, friends, etc., as well as major industry players (Eddie Vedder, anybody?) are interviewed. Mudhoney has long deserved more attention than it has received – though the initiated know – and it's nice to have this big, beautiful beacon of light shone on such a deserving band.
