BLOCK YOUR EYES!

Movie ★★★★★

Bonus Features ★★★★★

Main Plot Points:

- The Wicker demon has awakened and for one unlucky group of kids, a roadtrip is about to turn very wrong. They find themselves separated, alone and terrified as they battle a ruthless, flesh eating creature.
- Who among them will survive, trapped within the Eyes of the Woods?

What We Thought:

- **Eyes of the Woods** is one of the worst films I've seen this year. This is the same year I watched **Repligator** and **Sexsquatch**, but at least those I'm still talking about today.
- This is absolutely awful. It's poorly edited. It's a ridiculous story. The acting is atrocious. The production value is a joke. I've seen cell

phone videos with better quality.

- None of these people should be allowed to act again. Ever. Unless it's porn, the girls are pretty hot. So that's it, just porn.
- I understand not everyone has \$20 million to make a movie, but just because you don't doesn't mean your film should get distribution and I have to watch it. Seriously, how the heck did this get distribution? It's even cut together badly!
- This is simply terrible. It's not even enjoyable enough to pass around to friends as schlock. I don't want anyone I know to have to suffer through this.

- **Eyes of the Woods** is getting a ½ star because the one woman that is topless has a nice rack. That's it. No other reason. The movie is an abomination.
