Published by [David Carter](#) on 2014/2/9 (92 reads)

Directed by Corbin Timbrook
Review by David Carter

Released by Lost Empire Films
Running Time: 85 minutes
Rating: Not Rated
Color format: Color
Audio/Subtitles: 2.0 Stereo English
Region Code: 1, NTSC
Aspect Ratio: Widescreen
16:9 Enhanced: Yes
Special Features: None
Trailer Online: No

Short Version: Truth in advertising

There is an unwritten rule in the movie business that you don't give away the plot of your movie in the title. 2013 Oscar contender 12 YEARS A SLAVE aside, most successful films do a good job of this. For example, gravity plays an important role in GRAVITY, but the name itself tells you very little about the plot of the film. Horror films have typically ignored this rule, however. Since horror movies rarely have a big star to base their advertising on, they've historically relied on a catchy, descriptive title to entice viewers to see the film. JASON GOES TO HELL and SNAKES ON A PLANE are recent examples of this trend, but the technique dates back to the days of classic horror films like I WAS A TEENAGE WEREWOLF. The title of Corbin Timbrook's 2009 slasher PORN

SHOOT MASSACRE eschews subtlety for a bluntness that will probably get it more viewers than it will lose. The film is now available on DVD from Lost Empire Films.

Porn star Christy is preparing herself for a shoot with hot new director Donald Malfini. She confides to a friend that part of her excitement is because Malfini is paying her several thousand dollars more than her usual rate for what she's been told is an "artistic" feature. Unfortunately for her, Christy is attacked and asphyxiated on her way to the shoot, in the first of many horrors that befall the stars of Malfini's ill-fated film.

One-by-one, the adult industry's most conceited stars arrive on set and are forced to put their egos aside for Malfini's huge payday. A few almost have a change of heart after seeing the disgusting conditions of the abandoned building being used for the set, but all the girls go through with the shoot regardless. They should have followed their instincts, as each is brutally murdered by the masked and aptly-named Brute after finishing their scenes. Malfini is actually shooting a vastly different kind of movie - a snuff film. Funded by an anonymous source, Malfini learns that he and his crew are also intended to be part of the massacre, so he teams up with the lone remaining victim in an attempt to escape their fates.

PORN SHOOT MASSACRE is a by-the-numbers slasher film that hits many familiar notes. The biggest thing going for the film is that it wisely delivers on the promises made by the title, giving viewers both a (R Rated) porn shoot and a massacre that won't disappoint fans of either. One almost has to admire the completeness with which the film distills the slasher genre's "pretty girls getting killed" formula to its most essential elements, offering very little to distract from this formula. PORN SHOOT MASSACRE has both gratuitous nudity and graphic violence before the camera, but the combination of the two is not the point of the film. The point is to

violence even before the opening credits and alternates between the two for the entirety of its running time in such an obvious manner that it is difficult to tell if it is celebrating or satirizing the slasher formula.

PORN SHOOT MASSACRE's only misstep is when it tries to expand on its formula in the climax. The anonymous and invisible villains of the film are revealed to be an anti-porn religious group. After over an hour depicting the adult industry as reprehensible and only a step removed from snuff films, their opinions won't seem that disagreeable to the audience. PORN SHOOT MASSACRE is a film with a very specific audience – you know who you are. As a typical slasher film it is surprisingly well made and actually manages to be suspenseful in parts, but its appeal will be limited almost exclusively to those of you who were excited based on the title alone.
