## Pitchshifter Reissue

09/09/2008

(MMP) Metal Mind Productions presents the rerelease of the fifth studio album from Pitchshifter the British metal/industrial metal band.

"Deviant" may be considered their softest album, with some very radio-friendly content. "Microwaved", "Genius" and "Disposable" include some of the noisy sound parts common in the band's previous songs, but the "Deviant" sound is completely stripped of the old noises. The album is enhanced with animated [video](#) made for the track "Hidden Agenda" and screen saver. The LP comes with 30 pre-moistened samples in ready-to-loop WAV format, and also with a mini Rat Bastard comic - a subversive, futuristic graphic novel about a half rat/half human private eye.

"Deviant" will be available on 29th September 2008 in Europe and 28th October 2008 in USA (via MVD). The new digipak edition is limited to 2000 copies. Digitally remastered using 24-Bit process on a golden disc.

### Tracklist:

1. Condescension
2. Wafer Thin
3. Keep It Clean
4. Forget the Facts
5. Hidden Agenda
6. Scene This
7. Dead Battery
8. As Seen on TV
