Lee "Scratch" Perry

Revelation (Megawave/MVD Audio)

By **David Lührssen**

Aug :

Lee "Scratch" Perry was one of the most distinctive voices to emerge from reggae and an innovator in dub, the echo-laden, studio-generated island music offshoot. Revelation continues Perry's journey through stream-of-consciousness Rasta word spins and intriguing sonic textures. The elastic rhythms and hypnotic grooves are the launch pad for inspired, weird rhymes. Many tracks slip the bonds of reggae and approach the funky krautrock of Can. A gaggle of famous guest stars, Keith Richards and George Clinton among them, blends inconspicuously into the mix.
