For over 40 years, Grammy® Award winning reggae Icon **Lee 'Scratch' Perry's** name has become synonymous with experimentation and innovation both as a legendary producer and an influential performer. A towering figure, Lee "Scratch" Perry shaped the dub sound and made reggae music a powerful part of pop culture.

Recorded at Perry's mountain-top studio in Switzerland and various studio locations in England, Florida and New York City and produced by long-time collaborator Steve Marshall AKA John Saxon for State of Emergency, Ltd., Lee "Scratch" Perry's new album is entitled **REVELATION**. Taking a hands-on approach, Perry not only fleshed out and developed the powerful lyrical content on the album, but also contributed his unmistakable hallmark of mastery of sound including synth programming.

Now in stores on the **MEGAWAVE** label, REVELATION presents the signature surrealistic and eccentric rhythmic genius of The Mighty Upsetter, featuring 13 of his best new songs in years with Marshall, Duncan & Green, Tim Hill, Keith Richards, George Clinton, Dr Sleepy, Alec Hay, elodieO, Abi Browning, and David Stewart Jones. Highlights include rock n' roll legend Keith Richards on "Books of Moses" and a Lee "Scratch" Perry duet with George Clinton on "Scary Politicians".
