### Michael Schenker Group - Hardrock Legends Vol. 2 (MIG/MVD)

**The Michael Schenker Group** literally exploded on to the scene back in 1980 with its self titled album. Having just left UFO, Schenker quickly put together his own band. With a very young and talented, Gary Barden, on vocals, the band quickly gained rave reviews, and was an instant hit with the audiences all over the world.

This DVD shows the band performing live in Hamburg, Germany, in 1981. This is definitely hot, showing MSG at their absolute peak. The band sounds fresh, and their timing couldn't be better. Keep in mind this is the time where heavy rock is celebrating its rebirth, and massive audiences turn up to see the new phenomena.

It's great to see Michael Schenker play his heart out, and truly rock the place. The DVD includes now many MSG classics, and a fair amount of UFO hits. At that time MSG had only one album to draw from. This entire set list can be classified as a Michael Schenker signature songs. He still performs a majority of the songs presented here.

It's about time this DVD was finally released officially. There are countless of bootleg version of this performance, both audio and video. It's great to finally, get the proper and best sounding version of a classic and historic concert. Any Schenker enthusiast should own this DVD!
